

## SCS SB 218 -- Sewer Service

Sponsor: Goode

This substitute increases the voter-approved fee that may be charged for the repair of lateral sewer service lines on residential property having six or less dwelling units in St. Charles County, St. Louis County, and St. Louis City from \$28 to \$50. Condominiums that have six or less units per building are subject to the fee. Each unit is responsible for its proportionate share of any fee charged. If a condominium is served by its own lateral sewer line, it will be treated as an individual residence. If an existing lateral sewer program was in effect prior to the effective date of the substitute, condominiums and apartment units not previously enrolled may be ineligible for enrollment if it is determined that the program serving the unit was defective.
